A helping hand for cleft-lip patients

Sikkim Reporter Bureau
Gangtok, Dec 7

Four-year-old Edwin Rai has been a regular patient of Dr. Satya Saraswat. Edwin was just 10 months old when he operated him for cleft-lip during a free camp organized by Sikkim Viklang Sahayata Samiti (SVSS). He was operated again after 10 months for a re-lip complication.

Like many others, his mother Manita arrived at the STNM Hospital on Saturday morning from Pakyong for a free checkup of his son. A free surgery camp for patients suffering from cleft-lip, cleft-palate and bone contractures is being organized here. It will continue till Dec 10.

The camp is organized by Sikkim Viklang Sahayata Samiti in collaboration with the Health Department and Smile Train, the world's largest cleft charity. So far, some 45 patients have registered for the camp, of which 10 are cases of bone contractures and the remaining are cleft-lip and palate

cases. Plastic surgeon Dr. Satya Saraswat is assisted by his colleague and a team of STNM doctors headed by Dr. Sarita G. Namgyal at the camp.

For Dr. Saraswat, it is his third visit to the state for a free cleft-lip

surgery camp. His first was in 2009, followed by 2011. He runs his own hospital in Agra and is associated with many organizations which work for cleft-lip patients.

He is also associated with Smile Train, whose logo is also embossed on his gown.

Because of his expertise, a large number of people visit him. And one of his new young patients is 11-month-old baby from Sandong. He was waiting for his turn outside the doctor's chamber on Saturday with his mother, like many others. His mother Sankit Bhutia expressed hope that her son's surgery will be successful. She also expressed her gratitude to the organizers of the camp as it has made possible for her son to avail free cleft-lip treatment.

President of Sikkim Viklang Sahayata Samiti Drasupati Ghimray informed that the patients undergoing surgery will be kept at the hospital for three days and thereafter they will be shifted to a hotel at Enchey

where they would remain for 8 to 9 days before they are discharged. The patients will have to come to the

hospital for post-surgery procedure.

Poor patients from outside the state also visit the camp for free treatment. Eighteen such patients with the help of an NGO are expected to arrive here from Janshedpur.

After the two-day surgery camp ends on Dec 12, a free screening camp for various diseases like cancer complications such as orthopaedic, neurologist etc. will also be organized at the SVSS complex. The screening camp will also be open for the differently abled persons. The patients having any of these complications will then be provided free surgery after six months, informed Ms. Ghimray.

Supporting the cause, Casino Mazong today donated 45 blankets and a cheque of Rs. 50,000 to Sikkim Viklang Sahayata Samiti.

The SVSS has been organizing such camps since 2008. It has also sponsored free treatments of patients from Sikkim at Dr. Saraswat's hospital in Agra.

Operation Smile: 40 patients to benefit from free surgery camp

BYDIP GHOSH

GANGTOK, December 7: Surgeons from Agra and STNM hospital have started a place wide hearing trials among 40 kids and adults here at Gangtok. These patients from different parts of Sikkim were suffering from the lifelong curse of physical deformities like cleft lip, cleft palate and hernia injuries.

The free surgery camp is organized by Sikkim Viklang Sahaya Seva (SVSS) in collaboration with Health Department and international charity Smile Train which possess cleft lip surgery to save it best.

Normally, a cleft lip surgery in private clinics costs minimum of Rs. 40,000.

Nineteen operations are scheduled today in the operation theatre of the STNM hospital with Dr. Satya Saraswat and his team from Agra assisted by STNM medical officers performing the corrective surgeries continuously in two separate tables. Each surgery takes around 40 minutes and by the time the nineteenth patient is completed, it could be around 1 pm, it was informed.

The remaining surgeries would be performed till December 11, after which the patients would be requiring post-operation care like

Dr. Satya Saraswat with a patient at the STNM hospital. Sherap Lepcha handing over the blankets and cheque from Casino Mahjong to SVSS president Drupa Ghimeray. Mothers at the hospital in high hopes for their children. SE Pics

dentistry for another week. Till the entire treatment is completed, the patients would be housed at the hostel set up by SVSS at Enchey here. All treatment and post-care treatment including the

logistics support are free. "We do corrective surgeries on the patients with cleft lips and palates. We do skin grafting on burn cases and share physiotherapy for treatment. We have done

around 3500 free surgeries for charitable organizations so far and out of them around 350 cases are from Sikkim," said Dr. Saraswat. He runs his own hospital in Agra and is associated with several NGOs.

Since his association with SVSS in 2009, Dr. Saraswat and his team has been performing cleft lip and burn cases surgeries annually at Agra and at Central Referral Hospital here at Takling. This

camp was his first in the STNM hospital.

Asked why he offers free services, Dr. Saraswat said "It is the satisfaction that I get by doing such things for the society. It is our social responsibility towards the needy. We used to free surgeries during our training days and we are motivated right from the beginning."

SVSS president Drupa Ghimeray said the patients were brought for the camp from different parts of Sikkim after a survey by his NGO. After the surgeries, we are accommodating the patients in our hostel at Enchey and bring them here for regular post-operation care, she said.

One mother from Assam Lingrey, east district had brought her 24 months old child for a post-operation counseling to Dr. Saraswat at the hospital. Her child, Kausta had been successfully operated for cleft lip at Agra last year. I am happy on the successful treatment of my child, she said.

Meanwhile, mothers of children born with cleft lips in the ward along the operation theatre floor were waiting with vibrant optimism for the surgery. "I saw the free camp banner at the district hospital in Namchi and brought my child here. I have heard and seen the successful treatment

and I hope a similar good fortune for my 8-months old child," said a mother from Timurbang, Tarpu in West Sikkim.

Casino Mahjong, as part of its corporate social responsibility, presented a cheque of Rs. 50,000 and 45 blankets to SVSS. The amount and blankets are to be used for managing the SVSS hostel where the patients would be housed.

Casino Mahjong general manager Sherap Lepcha handed over the cheque and blankets to the SVSS president. Lepcha also offered khada to Dr. Saraswat complimenting him for his altruism.

Lepcha said Casino Mahjong owners Ugen T Labakhi and Bikash Chandra are committed to give back to the State and Sikkimese people. They are always ready to support organizations that are doing social works and Casino Mahjong has regularly been sponsoring such social activities, he said.

The SVSS is also organizing a free camp for orthopaedic, trauma and cancer of head and neck cases at its complex here at Zen Point on December 11 and 12. Specialists from outside the State would be providing free treatment and counseling to the patients during the camp.

KUNAL BAI

GANGTOK, December 11: Forty out of the total of 55 patients underwent surgeries of cleft and palate and the remaining went through burn reconstruction during the screening and surgical camp held here at STNM Hospital

since December 5.

The camp organized by Sikkim Vikalaya Sahayata Samiti (SVSS) in support with Dr. Sarawat Hospital, Agra concluded today.

Speaking to SIKKIM EXPRESS, SVSS president Droupadi Ghimiray said screening for cleft and palate

surgery was held from November 25 to December 4 after which the selected patients underwent surgery from December 7. She said some surgeries will still get underway till late evening and that the number of surgeries may increase.
